IBZ528 GUITAR AMPLIFIER

IBZ528 is designed for the rock/metal player who wants a little more. IBZ528 has two separate **15W STEREO** power amps built-in to ensure full utilization of your stereo effects when you line IBZ528 up side-by-side and use the RETURN L/R jack to route your effects. You also get the versatility of **HIGH** or **LOW GAIN** mode to let you choose between a full-bodied, sweet clean sound or bone-crushing distortion. The **4-BAND EQ** allows you to customize your sound just like the pros. The headphone jack is provided for private practice and IBZ528 comes in Black or Tweed finish for your viewing pleasure.

IBZ510 GUITAR AMPLIFIER

IBZ510 was created for the guitar purist who seeks the refinement of technology combined with the warmth of **VINTAGE AMPS**. You also receive the versatility of a **4 BAND EQ** and an **EFFECTS LOOP** for sound expansion. IBZ510 is equipped with a 15W power amp and a **10" SPEAKER** to reproduce the power and depth of much larger amps making it the ideal amp for backstage warm-ups.

Weighing in at a mere 5 to 15 kilos these amps are nonetheless true musical heavy weights in the rock, pop, country and folk arena. Any one of them can deliver the devastating knockout power you need to punch through yet is still light enough to handle with ease. Despite every amp's outstanding value, each possess professional features you can depend on. So if you have one of these amps in your hand when you step into the ring you're sure to knock out the competition.
