THE WORLD'S #1 WHOLESALER OF **BRAND NAMES**

When you play a Steinberger, you are playing the future. No other instrument offers the musician a more technologically advanced design. Nothing looks like a Steinberger and ... nothing performs like one either! At the heart of all Steinberger instruments is the Headless design with Double-Ball Tuning System. Tune it up once and don't tune up again until you change your strings! It truly is the "State of the Instrument."
